Captions for Datasets ds01 to ds02

Introduction

The two dataset files ds01 and ds02 are the primary data used to create Figures 2 to 9:

- Full details about the collection of these data are in the methods section of the main text;

Data Set S1. Foraminiferal and lithological data used to create the graphs in Figures 2 to 9: ds01.

Data Set S2. Additional lithological data used to create the graphs in Figures 2 and 9: ds02.
